Days of the Week: Rules

1

All Days are Masculine:

Every single day in Spanish is masculine. Therefore, they always use the article "El".

El lunes = Monday / On Monday 📅

2

Never Use "En" for "On":

In English, we say "On Monday". In Spanish, never translate this as En lunes. Always use El instead

Example: El lunes voy a estudiar. 📚

(Meaning: On Monday I am going to study.)

The Plural Twist

The Weekday Rule (Monday to Friday):

Since weekdays already end in 's', the word itself does not change! You only change "El" to "Los".

Examples:

El lunes (Monday) ➡️ Los lunes (Mondays)

✅

El viernes (Friday) ➡️ Los viernes (Fridays)

✅

The Weekend Rule (Saturday & Sunday):

Sábado and Domingo do not end in 's', so you must add an 's' to make them plural.

Examples:

El sábado (Saturday) ➡️ Los sábados (Saturdays)

✅

El domingo (Sunday) ➡️ Los domingos (Sundays)
